# **Extra-curricular Activity**

Name of Activity: Engineers' Day Celebration

Prepared by: Ms. Pande N. S. Date: 20<sup>th</sup> September 2024

#### **Introduction:**

On September 20, 2024, the Computer Science & Engineering Department celebrated Engineers' Day in honour of Sir Mokshagundam Visvesvaraya's birth anniversary. His exceptional achievements still inspire engineers today. The event began with a Saraswati prayer for wisdom, followed by garlanding his photograph and a ceremonial lamp-lighting by distinguished guests.

Among the guests, Dr. Mahesh B. Kokare, Director of SGGSIE&T, Nanded, gave an enlightening talk on "Challenges and Research Opportunities in AI/ML." He was joined by Dr. A. M. Rajurkar, Head of the CSE Department, and other faculty members.

Ms. Snehal Savandkar, a third-year CSE-A student, performed a soulful Saraswati Vandana, while Ishwari Nandedkar, a second-year CSE-B student, delivered a moving speech on Sir Visvesvaraya's contributions.

The Computer Users' Club also shared a short, inspiring audio-visual presentation on his life and accomplishments, showcasing his journey from humble beginnings to becoming a pivotal figure in India's engineering, infrastructure, and industrial development.

## **Activity Details:**

• Date: 20<sup>th</sup> September 2024

• Time: 2 PM

Duration: 02 Hrs.Location: Nanded

Near Air-port, Hingoli Road, Nanded-431605.

Department of Computer Science and Engineering

## **Participants:**

• Number of participants: All Students

• Class: SY, TY & B. Tech CSE

#### **Outcomes:**

The Engineers' Day celebration on September 20, 2024, successfully honored the legacy of Sir Mokshagundam Vishveswaraya and inspired students by highlighting the significance of engineering in modern society. The event fostered a sense of pride and motivation among students, encouraging them to reflect on the role of engineers in driving innovation. The Expert Talk allowed participants to gain their knowledge and understand the broader impact of Research to Reality and their profession.

## **Relevance with Program Outcomes:**

#### 1. Engineering Knowledge (PO1):

 The event reinforced the importance of engineering principles and their application in real-world scenarios, enhancing students' foundational knowledge.

#### 2. Communication (PO10):

 Through the speech competition and presentations, students developed and demonstrated effective communication skills, articulating complex ideas clearly and persuasively.

#### 3. **Ethics (PO8):**

 By celebrating the achievements of a revered engineer and reflecting on ethical contributions to society, the event emphasized the importance of ethical considerations in engineering practice.

#### 4. Lifelong Learning (PO12):

 The discussions and presentations encouraged students to embrace lifelong learning by continually seeking knowledge and understanding the evolving role of engineers in society.

## 5. Modern Tool Usage (PO5):

 The use of audio-visual presentations during the event demonstrated the application of modern tools and technology in effectively communicating information.

#### Feedback:

### o Positive aspects:

 "The Engineers' Day celebration was inspiring and well-organized, providing a great tribute to Sir Mokshagundam Visvesvaraya."

## Areas for improvement:

- "Including more hands-on engineering activities or workshops could enhance the practical learning experience for students."
- "Diversifying the event program to include a wider range of activities and themes could make it more inclusive for everyone."
